# MADE TO LAST

---

The Sierra Collection is designed for outstanding durability, so you can have peace of mind every time you step outside.

The Sierra Collection with Basalite® stay-true technology enriches the paver color depth, extends color fastness over time, increases stain resistance, makes cleaning easier and has been laboratory proven to add UV protection that will keep your pavers looking like the day they were installed for many years.

# THE Stay-True DIFFERENCE

## RICH COLORS

Laboratory color results after pavers were exposed outdoors for over 3 years.

Without Stay-True    With Stay-True

## ACID RAIN

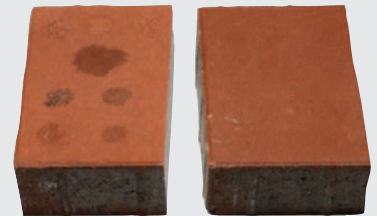

Improves resistance to acid rain which contributes to paver fading and general wear.

## STAIN RESISTANT

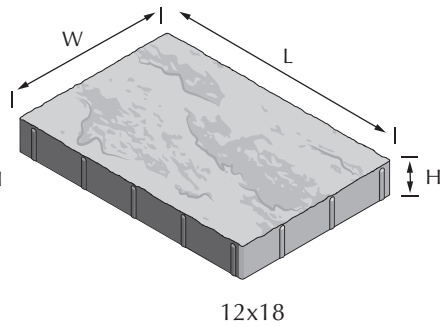

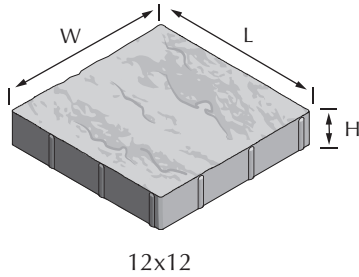

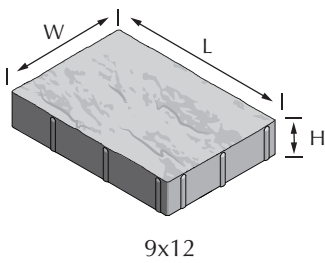

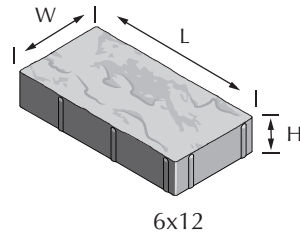

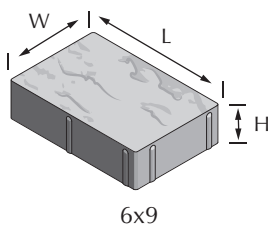

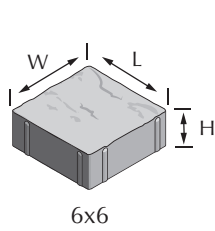

Protects against stains, like mustard, wine, ketchup and coffee as tested below.
