

ARTICLE INFORMATION SHEET

Sakrete Form Tube products meet the definition of “articles”, according to the OSHA Hazard Communication Standard (29 CFR 1910.1200). An article is not subject to the SDS requirements and is defined in the Standard as follows:

“Article” means a manufactured item, other than a fluid or a particle:(i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts, of a hazardous chemical (as determined under paragraph (d) of this section) and does not pose a physical hazard or health risk to employees.”

Although a SDS document is not required for this product, we supply the following information to clarify related concerns

Product: Sakrete Form Tubes

Supplier: Sakrete of North America Date: February 24, 2016
625 Griffith Rd. Ste 100
Charlotte, NC 28217
1-866-725-7383

Composition: Recycled paperboard 90-95% by weight
Adhesives and/or coatings 5-10% by weight

Health & Safety Hazards: This product does not have any special health or safety concerns under its intended conditions of use

Fire Hazards & Firefighting Measures: This product will burn, but will not ignite or flash under normal conditions. Its burning characteristics are similar to other paper-based or wood products. Combustion by-products may include carbon dioxide carbon monoxide, aldehydes, and dense smoke

Firefighters should wear full protective clothing and self contained breathing apparatus

Extinguishing media: water spray, foam, dry chemical (ABC)

Waste Disposal: Product may be recycled with other paper products if possible. May be incinerated or landfilled in accordance with local, state and federal regulations

Transport: This product is not hazardous according to transport regulations

Storage: Store in cool, dry conditions away from ignition sources
